

East Bridgewater Center—Bike/Ped Improvements

Propose traffic calming techniques for pedestrian and bicycle safety: Reduce the width of travel lanes at the intersection so vehicular traffic slows down

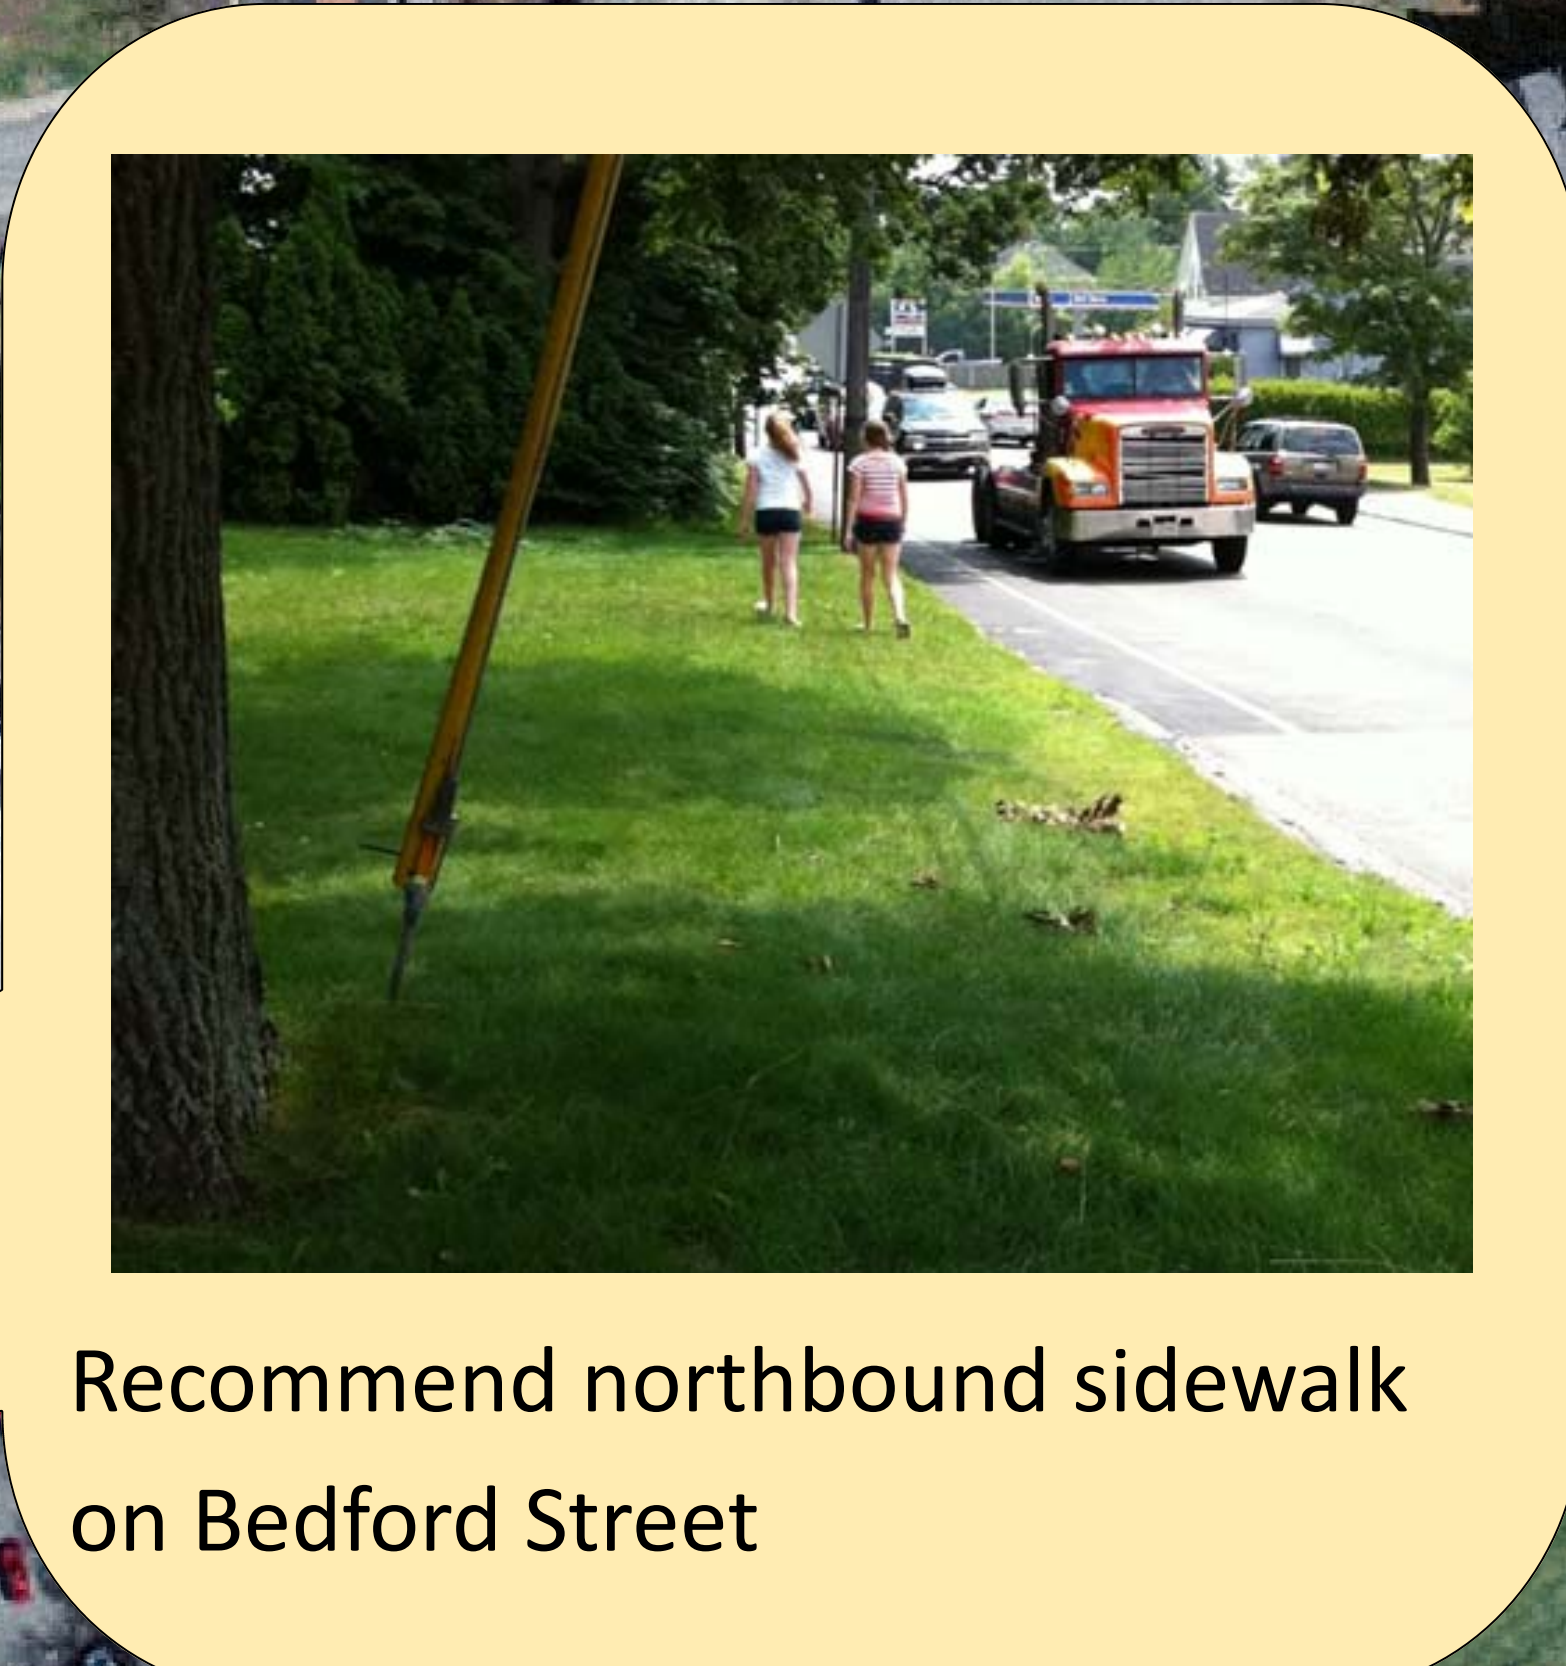

Upgrade sidewalks with adequate curbing, and propose access management techniques

Propose bicycle sharrows, bicycle lanes, and bicycle parking in the town center

Streetscaping Improvements with benches, tree planting, and green areas

Recommend one-way-in and one-way-out at the gas station in order to avoid pedestrian confusion

Recommend northbound sidewalk on Bedford Street
